WELCOME MESSAGE

Bernard Cumming Principal

Greetings and welcome to Our Lady of the Rosary Catholic Primary School at Wyoming. Our school was opened in 1978 and was founded by the Sisters of St Joseph.

At Our Lady of the Rosary Catholic Primary School children develop a passion for learning through quality teaching and a diverse range of learning experiences. We encourage and foster a love of learning and strive for excellence within a quality learning environment. We are the educational arm of Our Lady of the Rosary Catholic Parish. Our Catholicism is expressed through the students, teachers and wider school community living and teaching Gospel Values, with our school motto being 'Alive and Aware'.

We have an extremely talented and professional team of staff members, and a committed parent community. Our school is a fantastic place for children to come and learn, and a rewarding place for teachers to come and teach. It is our collective aim to provide the very best learning opportunities for all of our students.

Parents and carers are of vital importance to the success of our school. Our parents and carers are the first educators. Their positive support of their child's school education provides encouragement to their child, their teacher and helps build the spirit of the school.

Education is a lifetime journey that you begin at Our Lady of the Rosary Catholic Primary School. We are dedicated to preparing your children for their journey of learning.

TEACHING LEARNING

At OLR, we offer a dynamic curriculum that emphasises critical and creative thinking through visible thinking and an inquiry-based approach. This method is integrated across all subjects, encouraging children to explore deeply, challenge themselves, and learn from both successes and mistakes.

We foster a growth mindset in our students, helping them to persevere and adapt when faced with challenges. This mindset equips them with skills and attitudes that support lifelong learning. Our classrooms prominently feature technology and flexible learning spaces, enhancing the educational experience.

Religious Education: Developed by Catholic Schools Broken Bay, supervised by the Religious Education Coordinator. Includes daily classroom prayer and Mass attendance, with 30 minutes of instruction daily.

English: Focuses on listening, speaking, reading, and writing through various learning experiences. Taught for 6-8 hours per week.

Mathematics: Covers Number and Algebra, Measurement and Space, and Statistics and Probability. Emphasises concept development and real-life application, with 5 hours of instruction per week.

Human Society and Its Environment (HSIE): Includes History and Geography, focusing on people, cultures, and environments, especially Australia's multicultural society. Taught for 1.5-2 hours per week.

Science and Technology: Encourages learning about the natural and man-made environment through inquiry and problem-solving. Taught for 1.5-2 hours per week.

Creative and Performing Arts: Offers music, drama, visual arts, and dance, promoting creativity and self-expression. Taught for 1.5-2 hours per week.

Personal Development, Health, and Physical Education (PDHPE): Covers Health, Wellbeing and Relationships, Movement Skill and Performance, and Healthy, Safe and Active Lifestyles. Taught for 1.5-2 hours per week.

With regards to reading, we expect every student to be reading every day at home - this should not be considered homework, but an action that is integral to their learning. Students could be independently reading or being read to.

"Reading should not be presented to children as a chore or a duty.

It should be offered to them as a precious gift."

Carl Sagan

Reports and External Assessments

Reporting: Parents receive written reports with using the NSW Common Grade Scale at the end of Semesters 1 and 2, including a common language for reporting across Australia.

All classrooms have access to a range of technology including predominately iPads and Laptops. The IT program for all students is comprehensive and provides wireless connectivity for use across the school. All our computers and school iPads are networked and have email and internet access. Data projectors and interactive whiteboards are essential teaching and learning tools in all classrooms.

The students learn Coding across the years and have access to 3D printing in the older grades.

WELLBEING FOR LEARNING

School Values and Behaviour Expectations

At Our Lady of the Rosary Catholic Primary School, we have clear values and behavioural expectations to ensure a safe and supportive learning environment. Students are taught, encouraged, and supported to exhibit these behaviours, aligning with our school core values.

Positive Behaviour Framework

This is a whole school approach to behaviour management that uses proactive strategies to define, teach, and support positive student behaviours, creating a positive school environment.

Commitment at OLR Wyoming:

We focus on educating children socially, spiritually, academically, emotionally, and physically. We teach them to be safe, respectful, and responsible learners who contribute positively to the community.

Students are encouraged to live out our Catholic faith daily.

Recognition and Rewards:

Teachers give tokens to students who follow school core values. These tokens can be collected for rewards, which vary by class. In the playground, tokens are also collected, and students vote on a whole-school reward.

Minor Behaviours:

These include distractions, being off-task, or talking while the teacher is talking. Students receive reminders to help them understand and correct their behaviour.

Library

Library Information: The library is open for classes on Tuesdays, Thursdays and Fridays. Mondays are reserved for administrative tasks by the Librarian.

Library lessons focus on fostering a love for literature and teaching students how to use library resources. Students can return and borrow books or work in the library whenever it is open. Parents are also welcome to borrow books. Each student must have a library bag. Lost or damaged books will be charged to the responsible student and repaired or replaced by the Librarian. Donations of books are always appreciated.

Parents are encouraged to read regularly to their children to foster a love of reading. Ideally, children should have thousands of books read to them before starting school. Information Technology is an important part of the library's offerings.

2. Provide opportunities for parents to support their children's Catholic education.
3. Encourage cooperation among parents, clergy, staff, and students.

Photo Permissions

We value student privacy and have implemented secure practices across all Catholic Schools in the Diocese of Broken Bay. With the recent purchase of Pixevety, a secure photo management platform, we now store and manage student photos in a safe, privacy-focused system across all 45 schools. Each year, parents will be asked to complete a photograph/video permission form through Compass. This information flows directly into Pixevety, ensuring that only images of students with parental consent are used in newsletters, on Facebook, or in other marketing materials. This system allows us to maintain strong privacy controls for every student.

SAFEGUARDING

Catholic Schools Broken Bay commits to providing safe communities for students at our school to grow and learn. We recognise the rights of children and promote safe and supportive environments where we all have a responsibility to keep children safe from harm.

Safeguarding at CSBB includes:

1. Utilising best practice, child rights and child safe principles to ensure continuous improvement in the area of safeguarding therefore maintaining our responsibility under the National Catholic Safeguarding Standards and NSW Child Safe Standards.
2. Maintaining professionalism in our interactions with children and young people at all times by exercising appropriate duty of care and maintaining appropriate professional boundaries.
3. Following an established process to address concerns or complaints of inappropriate behaviour of staff towards children or young people. This upholds our legal obligation under the Children's Guardian Act 2019.
4. Ensuring that all people working in our school who are required to undertake a Working With Children Check have a verified clearance, as per requirements under Child Protection (Working with Children) Act 2012.
5. Promoting the safety, welfare and wellbeing of children by responding appropriately when we suspect a child or young person is at risk of significant harm due to possible abuse or neglect. This is our legal obligation under the NSW Children and Young Person (care and protection) Act 1998

SAFEGUARDING

PARENT/CARER HELPERS / VOLUNTEERS AND CONTRACTORS

The participation, involvement and help of parents/carers, close relatives and other volunteers are welcome and appreciated for various activities both in school and on excursions. We recognise that parents and carers are the primary educators for their children and we strive to uphold NSW Child Safe Standard 3: families and communities are informed and involved and National Catholic Safeguarding Standard 3: partnering with families, carers and communities.

It is important that all volunteers and contractors are aware that they may be subject to child protection legislation and may require a WWCC. This means all volunteers must:

- Sign on at the front office, and get a visitors badge from the office as per school procedure.
- Complete the CSBB Contractor and Volunteer Engagement form

- Follow our commitment to Safeguarding and not engage in any inappropriate behaviour towards any children. Although volunteers are technically not employed by the school, they are considered to be 'employees' under the Children's Guardian Act 2019 and need to be aware that complaints about inappropriate behaviour towards a child or young person is subject to investigation.

RESPONDING TO CONCERNS

We believe in listening to children and our school community when concerns are raised. We take complaints seriously and try to resolve them in the most appropriate, efficient, and confidential manner possible.

APPENDIX 1: SAFEGUARDING INFORMATION

We are committed to providing safe communities for students at our school to grow and learn as outlined in our Diocesan Commitment to Safeguarding. We recognise the rights of children as outlined in the Diocesan Framework on the Rights of the Child and promote safe and supportive environments where we all have a responsibility to keep children safe from harm.

The NSW Child Safe Standards (NSWCSS) and the National Catholic Safeguarding Standards (NCSS) provide a principle-based framework that our school commits to using for continuous improvement as part of our commitment to Safeguarding.

Responding to Risk of Significant Harm

All school staff are Mandatory Reporters. This means that if there are reasonable grounds to suspect that a child or young person is at risk of significant harm of abuse or neglect, then a report must be made to the Department of Communities and Justice (DCJ), Child Protection Helpline (CP Helpline). School staff and Principals are supported by the CSBB Safeguarding Office as required and all records are stored confidentially.

We recognise that a statutory response is not always required and where a family may need extra support, we will assist in making referrals to support the family if needed.

APPENDIX 2: WORKING WITH CHILDREN CHECKS

Working With Children Checks are required by staff, and certain volunteers and contractors in our school.

The purpose of the check is to exclude people from working with children and young people who are not suitable. A person who has been convicted or found guilty of a listed serious offence against children (whether in NSW or elsewhere) is prohibited from child-related employment.

Parent participation, involvement and help are welcome and appreciated for various activities both in school and on excursions. It is important to note that all parent helpers / volunteers are subject to child protection legislation.

CSBB Safeguarding Office supports our school to fulfil obligations under Child Protection (Working With Children) Act 2012. Further information on the Working With Children Check can be found on the website for the Office of the Children's Guardian. Further information can be found in the SAFEGUARDING & CHILD PROTECTION POLICY FOR CATHOLIC SCHOOLS BROKEN BAY: WORKING WITH CHILDREN CHECK (January 2021).

APPENDIX 3: MAINTAINING PROFESSIONALISM

All staff, volunteers and contractors are expected to act professionally and in accordance with the school's expectations regarding staff conduct toward children and young people. Guidance and professional development about appropriate interactions with students, how to exercise duty of care and how to maintain professional boundaries is provided.

We understand that staff, volunteers and contractors have a duty of care to:

- Ensure no child or young person is exposed to foreseeable risk of harm;
- Take action to minimise risk;
- Supervise actively, and report concerns to the Principal or seek further advice if they see others acting inappropriately with children or young people.

Staff, volunteers and contractors are expected to:

- Demonstrate appropriate relationships with children and young people that cannot be misinterpreted as overly personal or intimate;
- Remain within the responsibilities of their roles and allow those appropriately trained to deal with student welfare concerns;
- Minimise physical contact with children and young people unless it is necessary to exercise appropriate duty of care;
- Follow the school's policies and procedures relating to pastoral care and wellbeing including serious incidents and reporting risk of harm.

Addressing complaints of inappropriate behaviour of adults towards children and young people

We are committed to providing a safe and supportive environment for both students and staff. This includes addressing complaints of inappropriate behaviour of staff, volunteers and contractors towards any child or young person.

Such complaints are handled differently to other types of complaints which may arise in the school because of legal obligations established by the NSW Children's Guardian Act 2019. The NSW Office of the Children's Guardian is a government agency which requires schools and other organisations working with children and young people to ensure systems are in place for recording and responding to all allegations of a child protection nature against staff, volunteers and contractors.

If you have concerns about alleged inappropriate behaviour by staff, volunteers or contractors towards any child or young person it is important that you discuss your concerns with the Principal who in turn will consult with the CSBB'S Safeguarding Office.

More information can be found in SAFEGUARDING & CHILD PROTECTION POLICY FOR CATHOLIC SCHOOLS BROKEN BAY: ADDRESSING ALLEGATIONS OF INAPPROPRIATE BEHAVIOUR BY EMPLOYEES TOWARDS CHILDREN (January 2021).
